IMPORTANT NOTICE TO APPLICANT

- A Grade A bulk milk transport tanker must comply with the requirements of WAC 16-125-120 and Chapter 15.36 RCW.
- In case the director discovers the violation of any item of sanitation, he may make a second inspection and the second inspection shall be used in determining compliance with the requirements of these chapters. Any violation of the same requirement on such reinspection shall call for immediate condemnation of the tanker and result in the degrading of any milk being transported in it and may result in the suspension or revocation of the bulk milk transport license.
- Such a license may be temporarily suspended by the director upon violation of any terms of this chapter, or interference with the director in the performance of his duties, or revoked after an opportunity for a hearing by the director upon serious or repeated violations.

I have read and understand the above, and agree to the conditions set forth therein.
